

# ST. MARY MAGDALENE . . .

## A WICCAN WITCH??!

Save Our Church, P.O. Box 1404, Medina, OH 44258 - [www.saveourchurch.org](http://www.saveourchurch.org) 7/7/03

This is precisely the art image FutureChurch has created of this Saint and are using in their literature. Unfortunately, this is no joke or stretch of anyone's imagination. Two Wiccan members themselves verified three features in FutureChurch's rendition of this Saint as distinctly Wiccan.

FutureChurch's reconstruction of this devoted disciple of our Lord Jesus dressed in both **Wiccan hood and robe with the pointed sleeves**, bearing a **Wiccan athame** (blade) in her waist sash (for directing power during rituals), and the **first and second finger "V" formation** (*mano cornuta*) held upward representing the Horned "God."\*

The Witch's hood and Robe with the pointed sleeves: Described as "THE essential item in your magickal closet!" on a Wiccan web site.

\**WICCA, A Guide for the Solitary Practitioner*, by Scott Cunningham, page 42, describes the "V" formation of the first and middle finger held upward signifies the Horned God.

But, why should we be surprised? The clear connection between Wicca, FutureChurch, Call to Action of Chicago and the March 1<sup>st</sup> meeting at Resurrection Parish in Solon has all been well documented in our 7 page illustrated report called *FutureChurch / The Truth Behind the Mask*. (5 or more copies sent postpaid, \$.75 each) Call to Action itself brazenly summarized the sentiment of the FutureChurch meeting in Solon, OH as "**No longer Christian!**"

**The Ursuline College Sophia Center Gift Shop** is now fully stocked with stone gods and goddesses of every kind. Crystal "starlight wishes" for "prosperity, wisdom, love, peace, happiness etc." and stones you rub to get their attention and their energy. In the Chapel you will find holy water blessed not by a priest but by stone gods in the bottom of the basin and Christ whose "divinity" comes from the stones gods beneath him! Welcome to apostate Catholicism courtesy of our Church leaders in the Cleveland Diocese who have promoted this blasphemy in the name of unity and diversity!

**What is the Wiccan Religion?** According to Scott Cunningham in *WICCA, A Guide For the Solitary Practitioner*, the "core of Wicca" is "a joyous union with nature." *Wicca* is an "earth based religion" where there is no supernatural. All is natural including the "spiritual." The personal, supernatural transcendent Creator God revealed to His chosen people Israel and through Jesus Christ to His Church does not exist. **There is nothing above nature and its energy forces**, which Wiccans merely personify by calling them "God" and "Goddesses." Wicca embraces the doctrine of reincarnation and utilizes "magic," which to them is not supernatural but merely the directing of **natural energies found in all creation**. Most Wiccans do not believe in the Devil or Satan. They correctly describe themselves as pagan because they flatly reject the Christian concept of the supernatural and an almighty personal God. **The "Goddess" Sophia (wisdom), presented by FutureChurch as an object of worship, is just such a personification (not a person) and is thus an idolatrous substitute for the Triune God of Christianity.**
